1. Legal framework of operation of the Institution

The MIM is the international component of the Cyprus Productivity Centre (CPC), a department of the Ministry of Labour and Social Insurance. The MIM was established following a Decision of the Council of Ministers (Decision Ref.: 15.118, dated 29th July 1976) and is the first business school in Cyprus.

With its decision of July 10th 2013 (Decision Ref. 75.439) the Council of Ministers approved the MIM as a Public Institution of Tertiary Education under the Ministry of Labour and Social Insurance (MLSI), according to the Articles 1 to 13 of the Institutions of Higher Education Laws of 1996 to 2013.

On March 11th 2015, following a proposal of the MLSI, the Council of Ministers, approved the appointment of the MIM Council, according to Article 6 of the Institutions of Higher Education Laws of 1996 to 2013.

The MIM offers the following Postgraduate Programmes:

- Master in Business Administration (taught in English)
- Master in Business Administration (taught in Greek)
- Master in Public Administration (taught in Greek)

2. History of the Internal Rules of Operation

The Institution's Internal Rules of Operation were ratified by the Minister of Education, Culture, Sports and Youth on 27 May 2015 (reference letter from MOECSY, no.:7.8.10/3 dated 3 June 2015).

The Institution's First Revised Internal Rules of Operation were ratified by the Minister of Education, Culture, Sports and Youth on 3 August 2016 (reference letter from MOECSY, no.:7.8.10/3 dated 6 August 2016).

The Institution's Second Revised Internal Rule of Operation were ratified by the Minister of Education, Sports and Youth on 24 May 2018 (reference letter from MOECSY, no.:7.8.10/4 dated 24 May 2018).

This document includes amendments that have been made since June 2018 in accordance with recommendations / decisions of the Council and the MIM Internal Quality Committee.

3. Responsibilities of the MIM Council

The Council of the Institution serves as an advisory body to the Management of the Institution on all matters concerning the operation of the Institution and specifically on matters relating to the Study Programmes of the Institution, the budget and all other matters that the MIM Management might refer to the Council.

Appendix A of this document contains the composition of the Council at the time of the last update of the Internal Rules of Operation.

Through the 200 hours internship the unemployed students are given the opportunity to develop their managerial skills in a real work environment. The student together with the Institution selects the company/organisation at which the student is placed.

8. Transfer of ECTS

Students can apply for the recognition of up to 30 ECTS of the Postgraduate Programme corresponding to credits awarded by another recognized institution/university for similar content courses of a postgraduate Programme. The Academic Committee decides the number of transferred ECTS after the evaluation of the transcript and analytical of the courses the interested student wish to transfer. No student can get an exemption of the Dissertation I course which is considered necessary for the successful completion and submission of the Dissertation.

The grades of the transferred courses will not be recorded nor taken into account in the calculation of the final grade of the students' degree. It is noted that depending on the number of ECTS recognized, a discount of not more than 1/3 of the tuition fees will be granted.

Graduates of the MIM who wish to attend an additional Programme (Business Administration or Public Administration) should submit a relevant application. If the number of candidates exceeds the number of available places, the selection will be based on the final grade of their MIM Degree. The fees for the additional Programme are half of the total fees of the Postgraduate Program, payable in two installments.

9. General Provisions of the Study Programmes

9.1. Attendance Regulations

Class attendance is compulsory for all MIM programs. It is up to the discretion of the lecturer to refuse entry to the class to students who are systematically and inexcusably late. A student who is unable to attend a course must inform the Secretariat and submit the relevant supporting documents as soon as possible and no later than eight (8) days from the date of the absence. If the absence is due to illness, a medical certificate is required, while in other cases (e.g., professional obligation) another relevant certificate or solemn/formal declaration is required. Students who accumulate unexcused absences that exceed the permitted limit (25%) of courses will be given the opportunity to take a single exam (i.e. without the right to a second exam in case of failure). Also, their grade in the exam cannot be higher than 50%.

9.2. Maximum Period of Study

The maximum period of study of a postgraduate student at the MIM is four (4) academic years.

9.3. Suspension of Studies Prior to Starting the Unit

A student may apply for a postponement of his / her studies for a period of up to one academic year before the lectures of a particular unit begin. The application is examined by the Director and the MIM Manager, who decide whether to approve or reject it on the basis of the documentation and accompanying documents.

9.4. Temporary Suspension of Studies during the Unit

A student may apply for temporary suspension of his/her studies during a unit for serious medical reasons or for maternity or paternity leave. Suspension of studies can last for up to one academic year. The application is examined by the Director and the MIM Manager.

9.5. Simultaneous Studies

Studying at the same time at a Programme that leads to a final qualification in the same field is not allowed, irrespective of the attendance conditions (part-time or full-time). A student cannot attend full-time studies in two institutions at the same time.

9.6. Assignment

In case of late submission of an assignment, the assignment will be downgraded by 20 marks. An assignment submitted two weeks after the deadline will not be accepted by the lecturer and in this case the assignment is marked with zero (0).

9.7. Exams, Advancement, Grading Scale

For success in any course, the student must achieve a score of at least 50 out of 100 points. Success in the final exam as well as an assignment is required.

At the end of each unit the students will be informed about their progress through the MIM's Online Learning Platform. The marking scale which is used is the following:

A: Excellent 86 – 100

B: Very Good 76 – 85

C: Good 66 – 75

D: Satisfactory 56 – 65

E: Pass 50 – 55

F: Failure less than 50

In case a student fails to pass the final exam or the assignment in a specific course, he/she has to take a re-sit exam. In case of failure in a compulsory course, the student is obliged to repeat it within a period of four (4) academic years. In case of failure in an elective course, the student is entitled to repeat the same course or replace it with another one. Failure in any course is recorded in the student's transcript. A student has the right to take a re-sit provided that he/she has not failed in more than two (2) courses in each unit and in not more than four (4) courses in the entire Programme. It is noted that in the event of a re-sit exam the final mark of the specific course cannot exceed 50 %. A student who fails in more than two (2) courses in each module or fails the re-sit exam, will be automatically converted to a listener and when he/she completes the Programme, he/she will receive an 'Attendance Certificate', not the Master's Degree, provided that he/she has attended the Programme normally.

In case of a justified absence from a written exam the student has the right to take the re-sit exam which will be considered as his/her first exam.

If a student considers that a mark awarded to him/her in a final exam, or for an assignment which is considered as a final examination, is not representative of his/her performance he/she can take the following action:

- I. Within 7 working days from the date of the Progress Report the student may communicate an oral complaint to the lecturer of the course. The lecturer responds in the same manner and either amends or not the mark:
- II. If not satisfied, the student may file a written complaint with documentation of the request to the lecturer and a notification to the MIM Manager.
- III. The lecturer responds in writing and either amends or not the mark.

- IV. If the student is still not satisfied, the written complaint and the written response of the lecturer are referred to the Academic Committee whose decision on the matter is final and irrevocable.

Upon completion of all units a final grade is calculated.

9.8. Dissertation

Upon completion of the courses of the second unit for the MBA Programme, the Master in Business Administration and the Master in Public Administration, students are required to submit a dissertation proposal for approval.

After the approval of the proposals, the MIM Manager will appoint a supervisor to each student. The supervisor will guide the student through the whole dissertation writing process. The Dissertation will be presented to the 'Master's Thesis Examination Committee' (see par. 15.4) and will be evaluated by two (2) members of the Committee. Students will be provided with 'A Guide to writing the final Dissertation'.

For the success of the Dissertation, a minimum of 50% both of the written report and of the presentation is required.

The supervisor may decide on the basis of documentation that the student has failed to meet his obligations for the preparation of his/her dissertation work (e.g. missed deadlines, non-submission of agreed work, non-submission of first draft, non-submission of second draft). In such a case, the student shall be informed, before the deadline for the submission of dissertation work, that he/she has not fulfilled his/her obligations for the preparation of the dissertation work.

Allowing the submission of a Dissertation does not automatically ascertain acceptance/success at the evaluation stage.

In case that the student disagrees with the decision of his/her supervisor that he/she has not fulfilled his/her obligations he/she may:

- I. Within 7 working days from the date he/she was informed submit a written complaint of disagreement to his/her supervisor, with a notification to the MIM Manager. The supervisor replies in written with notification to the MIM Manager.
- II. If still not satisfied the student's written request and the supervisor's written respond are referred to the Academic Committee whose decision is final.

During the evaluation process if there is a difference between the marks of the Members of the 'Master's Thesis Examination Committee' of more than 20 points in total and / or 20 points in more than two criteria (with the exception of the co-operation criterion which is only marked by the Supervisor) then the MIM Manager appoints a third evaluator. In this case the final mark in the affected criteria is the average of the marks of the three evaluators.

The MIM Management informs the students about their Dissertation marks after the plagiarism control has been completed.

In case a student disagrees with his / her Dissertation mark, he / she may:

- I. Within 7 working days from the date she/he was informed submit a written complaint of disagreement to the 'Master's Thesis Examination Committee', with

a notification to the MIM Manager. The 'Master's Thesis Examination Committee' replies in written with notification to the MIM Manager.

- II. If still not satisfied the student's written request and the written respond from the 'Master's Thesis Examination Committee' are referred to the Academic Committee whose decision is final.

In case of a final rejection of his/her Dissertation, the student is entitled to re-submit his/her dissertation once again. The re-submission of the Dissertation should take place within the four (4) academic years, which is the maximum duration of studies of a master's postgraduate student at the MIM.

The MIM reserves the right to use and reproduce Dissertations for teaching and research purposes.

10. Discipline, Rights and Obligations of the Students

MIM is governed by the principle of academic integrity throughout its operations and expects that the same principle characterizes all those who in any way belong to its community. Academic dishonesty is not tolerated by MIM and the School supports its lecturers in the effort to immediately and effectively address any phenomenon of academic dishonesty that comes to their notice.

Actions constituting academic dishonesty and considered as misconduct by the MIM would be the following:

- I. Plagiarism, which occurs when a student submits or presents work of another person as a whole or cites extracts of the work of another person without proper referencing in such a manner as to lead the recipient/reader to the conclusion that it is his/her original work. MIM uses automated plagiarism control systems.
- II. Self-plagiarism which occurs when the student submits work which has been previously submitted for academic purposes.
- III. Copying during an exam. Giving false reasons for absence from an exam is also considered cheating.
- IV. Falsifying records, including falsified academic records, transcripts or other MIM documents or misrepresentation of one's certificates and credentials.
- V. Fabricating information or citations.
- VI. Facilitating others to commit acts of academic dishonesty.
- VII. Unauthorized possession of examination papers.
- VIII. Other forms of academic misconduct, such as the unauthorized use of recording devices or the unauthorized acquisition of computer software or other copyright material.

In cases where there is sufficient evidence to support an allegation of academic misconduct, the matter shall be discussed, in private, with the student involved as soon as possible and shall be brought to the attention of the Disciplinary Committee (DC). The incident and the decision of the DC will be notified in writing to the student involved and the MIM Manager. All relevant documentation will be filed in the student's file kept by the Institute Secretariat.

Depending on the seriousness of the misconduct, one or more of the following penalties shall be imposed:

- I. Award of a score 0 (zero) to the work or assignment or examination pertaining to the misconduct issue.
- II. A score of 0 or F (failure) in the course under which the student has committed the misconduct.
- III. Revocation of the relevant privileges of the student, if the misconduct involves inappropriate use or abuse of the library, computers or other sources which the Institute made available to the students.
- IV. Submission of a proposal by the MIM Manager, following a decision of the DC, to the Director of the Institute for discontinuation or expulsion from the MIM.
- V. Enforcement by the Director of termination of attendance or expulsion from the MIM.
- VI. Submission of a proposal by the MIM Manager, following a decision of the DC to the Director of the Institute, to withhold or withdraw a Degree and to take appropriate action.

The student has the right to lodge an appeal to the DC with regard to the imposition of any penalty.

The following Committees are established:

1. Academic Committee
2. Administration Committee
3. Disciplinary Committee
4. Master's Thesis Examination Committees
5. Internal Quality Committee
6. Research Committee
7. Programme Coordination Committee
8. Examinations Board

Appointment Procedure and Period of Appointment

The members of the committees are appointed by the Ag. Director of the School. The composition of each committee can be differentiated when the prevailing circumstances impose it. The representatives of the students are members of the Committees until their graduation.

Student Representatives

At the beginning of each academic year the students of each Program are invited to elect their representatives. The representatives of each Program represent the students in various activities and act as a link between the students, the members of the academic staff and the School's Management. Student representatives are appointed members of the School Committees and represent all students at Committee meetings. Within the second week of the first unit the students elect their representatives.

15.1. The Academic Committee

The Academic Committee is responsible for the establishment of the academic standards of the Study Programmes, the recognition of courses and the transfer of ECTS. The Committee is chaired by the Ag. Director of the Institution and its members are the MIM Manager, one member of the Faculty and two students' representatives, depending on the Programme.

15.2. The Administration Committee

The Administration Committee is responsible for the smooth and efficient administration of the MIM as well as for the welfare of the staff and the students of the Institution. The Committee is chaired by the Ag. Director of the Institution and its members are the MIM Manager, a representative of the administrative staff, one member of the Faculty, the Head of the Accounts Department of the Institution and two students' representatives, depending on the Programme.

15.3. The Disciplinary Committee

The Disciplinary Committee is responsible for all disciplinary matters. The Committee is chaired by the MIM Manager and its members are two members of the Faculty and two students' representatives, depending on the Programme.

15.4. The Master's Thesis Examination Committees

The Master's Thesis Examination Committees are ad hoc Committees, responsible for the evaluation of the Dissertation of the students. The students are required to carry out a Dissertation under the guidance of a supervisor. Each Committee is composed by two members, one of whom is the student's supervisor and the other a member of the faculty. The Committee decides on the acceptance/rejection as well as on the grading of the Dissertation and submits its decision to the MIM Manager for validation.

Appendix F of this document contains a sample of the 'Dissertation Evaluation Form'.

15.5. The Internal Quality Committee

The Internal Quality Committee is responsible for the implementation of the internal quality assurance standards. It also coordinates the preparation of special self-evaluation reports in relation to the external evaluations regarding the MIM. It is

also responsible for drawing up the institution's general evaluation reports for submission to the Cyprus Agency of Quality Assurance and Accreditation in Higher Education for the establishment of academic standards for the Programmes.
